## **QUOTIT CORPORATION RECEIVES MCAFEE'S HACKER SAFE CERTIFICATION**

### **Improved Network Security Keeps Quotit Client Data Safe From Theft, Spam and Computer Viruses**

IRVINE, CA – May 15, 2008 – Quotit Corporation (<http://www.quotit.com>), a division of The Word & Brown Companies ([www.wordandbrowncompanies.com](http://www.wordandbrowncompanies.com)), announced today that it received [McAfee Incorporated's](#) HACKER SAFE® certification. McAfee® is a leading supplier of network and computer security solutions and its HACKER SAFE certification is achieved by passing rigorous daily network security audits.

“This certification serves as additional assurance to Quotit customers that their data is safe and secure,” said David Smithson, president and founder of Quotit – the nation’s leading expert in technology for the health insurance and employee benefits industry. “It also serves as notice to would-be hackers that Quotit diligently protects its network infrastructure.”

The HACKER SAFE® certification mark is displayed on more than 80,000 Web sites worldwide, including some of the largest brands in retail ecommerce, banks, universities, Fortune 500 corporations, state, county and city governments, and nonprofit institutions.

Quotit, whose carrier network includes more than 120 insurance carriers representing more than 11,300 plans in the health, life, dental and vision insurance markets, strives to provide clients with the best possible technology and network security. The HACKER SAFE certification is just another way Quotit protects its customers.
